Look beyond the ordinary - explore careers in information technology, electronics, engineering, business and medicine.

Learn more about CSM services that help foster success for women enrolled in math and technology courses.

Participate in hands on workshops, learn something new in the computer lab, and talk with people who teach and work in the industry.

WHO SHOULD ATTEND:
CSM Female Students
Girls with adult guardians
Women interested in technology/career info

Saturday—April 12, 2008
9 am – 12 pm
CSM La Plata Campus
BI113
Free admission
No registration needed
