The College of Southern Maryland now offers the opportunity to become a certified Mental Health Technician. The Human Services: Mental Health Technician certificate program is for those who work in a variety of mental health and human services agencies, and is the first step in working towards an Associate of Science Degree in Human Services here at CSM. Students can then move on to earn a bachelor’s degree in the field of social work.

Human Services: Mental Health Technician Certificate

Required Courses (3 credits each):
HMS-1021 Alcohol and Drug Effects
HMS-1022 Alcoholism and Drug Addiction
HMS-1032 Interpersonal and Counseling Skills
HMS-1100 Case-Load Management
PSY-1010 General Psychology
PSY-2310 Introduction to Abnormal Psychology
